Pricing samples

Probe count	Single sided	Double sided
100	\$2,700	\$3,100
200	\$3,400	\$3,800
300	\$3,800	\$4,200
400	\$4,100	\$4,500
500	\$4,500	\$4,900

Do-it-Yourself pricing includes the typical materials, customization and finishing cost of a standard TMAX Interchangeable right down to its final QC and flying prober wiring verification.

Do-it-Yourself pricing is only used to provide a reasonably accurate fixture cost.

TestMAX pricing will always be the official fixture cost.

10 " x 8" test area / 12 TestJet sensors / 500 test point range / Rows 13 to 20 interface
